ADEQ - WATER QUALITY DIVISION - DRINKING WATER SECTION

GROUND WATER INFORMATIVE MEETING

April 16, 2009

**Metro Water – 6265 N. La Canada Drive
Tucson, Arizona**

On November 8, 2006, the US Environmental Protection Agency (EPA) promulgated the Ground Water Rule to provide for increased protection against microbial pathogens in public water systems that use ground water sources.

The Ground Water Rule targets ground water systems that are susceptible to fecal contamination as they are an indication of the potential presence of microbial pathogens that may pose a threat to public health.

Thursday, April 16, 2009
